## Report of Principal and School

During the 2013-2014 school year, Beaufort High School continued its tradition of the Small School model and completed our eighth year with this successful approach. Stakeholder surveys continued to indicate that the model is highly effective and that our motto "Where Small Schools Make a Big Difference" holds true. We also completed our fourth year of the Eagle Scholars program, a rigorous curriculum designed to emphasize science and mathematics for our Honors students in grades nine-twelve.

Continual faculty professional development and training was evident throughout the building. Faculty members attended professional development in technology, utilizing TAPPE (an instructional delivery model), writing SMART goals, and in literacy. Teachers were accountable for conducting peer observations to facilitate collaboration and dialogue amongst each other regarding best practices. Freshman teachers and students continued with our district's, 1:1 technology initiative, using I-pads in classrooms to increase student engagement and learning. Staff development also focused on teachers continuing their advanced technology training. A technology specialist worked with teachers to improve both instructional support skills and data interpretations skills. Finally, our English Department continued in participating monthly in rigorous training with a district consultant with plans to expand into other departments next year centered on targeted-skills.

Beaufort High School continued its use of several successful initiatives in bridging the gap between student ability, student achievement, and test scores. The school continued to move forward as a whole towards implementing the High Schools That Work key practices throughout the building. The APEX program was utilized to support additional focus on learning gaps and to provide reinforcement in basic concepts. The continued utilization of U.S.A Test Prep helped teachers establish benchmark scores for students in each subject area, monitor student progress, and improve test preparation. Incoming freshman who scored in the lower quartile of their competency tests in middle school in English or Mathematics were instructed daily in those areas with targeted instruction. Students who failed to pass the HSAP exam or were at risk of failing the HSAP exam were assigned to a learning lab. The lab was staffed by certified teachers that volunteered a portion of their planning periods. This provided students with one-to-one instruction. Beaufort High School also established an Advisor-Advisee program called, W.I.N.G.S. This program allows for staff to begin conversations with students that in most schools would only be heard in a guidance office - reducing our at-risk behaviors and drop-out percentages. Through WINGS, the school builds time within the school day to provide consistent delivery of support through the areas of career, personal, social, and academic development.

Many positive changes were implemented in the building including the re-launching of one of our small schools to reflect updated course offerings in the Allied Health Professions and Consumer Sciences. Another initiative was the expansion of our Advanced Placement course offerings. Beaufort High School's first Parent Teacher Student Organization (PTSO) was formed and had a very successful year supporting the schools' PBIS practices and programs. Lastly, the Drama Department's anti-bullying play, If You See Something, Say Something has been showcased throughout the District, statewide, and now, it is gaining national attention. Our drama department presented to Governor Nicki Haley and traveled to Baltimore, Maryland to present at the National Rotary Convention. The anti-bullying play has created numerous opportunities for our drama students and seen by thousands of students and adults in our region. We at BHS are extremely excited and looking forward to seeing our Eagles soar even higher in the coming year!

**ESEA/Federal Accountability Rating System**

In July 2013, the South Carolina Department of Education was granted a waiver from several accountability requirements of the Federal High and Secondary Education Act (ESEA). This waiver allowed SC to replace the former pass/fail system with one that utilizes more of the statewide assessments already in place and combine these subject area results with graduation rate (in high schools) to determine if each school met the target or made progress toward the target. This analysis results in a letter grade for the school rather than the pass/fail system of previous years. For a detailed review of the matrix for each school and districts that determined the letter grade, please use the following link: <http://ed.sc.gov/data/esea/> or request this information from your child's district or school.

<b>Overall Weighted Points Total</b>	<b>87.1</b>
<b>Overall Grade Conversion</b>	<b>B</b>

Index Score	Grade	Description
90-100	A	Performance substantially exceeds the state's expectations.
80-89.9	B	Performance exceeds the state's expectations.
70-79.9	C	Performance meets the state's expectations.
60-69.9	D	Performance does not meet the state's expectations.
Less than 60	F	Performance is substantially below the states' expectations.

**Accountability Indicator (Title I Schools)**

Beaufort High School has been designated as a:

	Title I Reward School for Performance - among the highest performing Title I schools in a given year.
	Title I Reward School for Progress - one of the schools with substantial progress in school subgroups.
	Title I Focus School - one of the schools with the highest average performance gap between subgroups.
	Title I Priority School - one of the 5% lowest performing Title I schools.
	Title I School - does not qualify as Reward, Focus or Priority School.
X	Non-Title I School - therefore the designations above are not applicable.
